

# **Incubation Center – Driving Innovation & Entrepreneurship**

## **University of Technology, Jaipur**

The **UoT, Innovation and Incubation Center** is committed to fostering innovation and entrepreneurship among students, faculty, and aspiring entrepreneurs across Rajasthan. With a strong vision to promote **knowledge-based startups**, the center provides a supportive ecosystem comprising **infrastructure, mentorship, and financial assistance** to nurture early-stage ventures and transform ideas into successful enterprises.

### **Core Components**

- **Entrepreneurship Cell**
- **Intellectual Property Rights (IPR) Cell**

### **Strategic Focus**

The **R&D Cell** proposed the establishment of these research chairs to strengthen interdisciplinary and innovative research. The key objectives include:

- Enhancing **research capacity and innovation potential**
- Aligning institutional research with **national and global priorities**

### **Focus Areas**

- Promoting **innovation and entrepreneurship development**
- Supporting startups through **incubation services**
- Converting innovative ideas into **viable business ventures**
- Facilitating **Technology Business Incubation (TBI)**

### **Specialties**

- Driving innovation-led initiatives
- Promoting entrepreneurial growth
- Providing structured **startup support and mentoring**
- Advancing **technology-based business development**
